

Got Voices?

Although as many as 1 in 10 people hear voices*, many choose not to talk about them.

A *Hearing Voices Support Group* is a place where people can talk about their experiences of voices, visions and unusual perceptions without fear of judgment. It offers mutual support and friendship, with the opportunity to explore your experience and learn from others with similar stories.

A new group has formed in Norwalk.

*Due to popular demand,
we changed to a new evening meeting time!*

Come and see what we're all about!
